

Vaccines for Children (VFC) Program Patient Eligibility Screening Record Form in DHEC Health Departments

A record of all children 18 years of age or younger who receive immunizations must be kept in the health care provider's office for 3 years or longer depending on state law. The record may be completed by the parent, guardian, individual of record, or by the health care provider. VFC eligibility screening and documentation of eligibility status must take place with each immunization visit to ensure the child's eligibility status has not changed. While verification of responses is not required, it is necessary to retain this or a similar record for each child receiving vaccine. Providers using a similar form (paper-based or electronic) must capture all reporting elements included in this form.

1. Child's Name: _____ 2. Child's Date of Birth: ____/____/____
Last Name First Name MI

3. Parent/Guardian/Individual of Record: _____
Last Name First Name MI

4. Provider's Name: _____
Last Name First Name MI

5. To determine if a child (0 through 18 years of age) is eligible to receive publicly funded vaccine through the VFC or state programs, at each immunization encounter/visit enter the date and mark the appropriate eligibility category. *If Column A-C is marked, the child is eligible for the VFC program. If column E or F is marked the child is not eligible for federal VFC vaccine.*

| | Eligible for VFC Vaccine | | | | Not eligible for VFC Vaccine | |
|----------------------------|-------------------------------|---------------------------------|--|--|---|---|
| | A | B | C | D | E | F |
| Date of Immunization visit | Medicaid Enrolled (VFC stock) | No Health Insurance (VFC stock) | American Indian or Alaska Native (VFC stock) | VFC ¹ Underinsured served by FQHC, RHC or deputized provider (VFC stock) | ² SC State Underinsured, (State stock) (317 stock- HPV Only) | ³ SC State Insured, (State stock) (FFS stock-HPV Only) |
| | | | | N/A | | |
| | | | | N/A | | |
| | | | | N/A | | |
| | | | | N/A | | |
| | | | | N/A | | |

¹Underinsured includes children with health insurance that does not include vaccines or only covers specific vaccine types. Children are only eligible for vaccines that are not covered by insurance. In addition, to receive VFC vaccine, underinsured children must be vaccinated through a Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) or under an approved deputized provider. The deputized provider must have a written agreement with an FQHC/RHC and the state/local/territorial immunization program in order to vaccinate underinsured children.

²SC State Vaccine Program Underinsured: These children are underinsured but are not eligible to receive federal vaccine through the VFC program because the provider or facility is not an FQHC/RHC or a deputized provider. However, these children may be served with state vaccine program vaccine to cover these non-VFC eligible children. The Human Papillomavirus Vaccine (HPV) is excluded from the SC State Vaccine Program. Underinsured children in need of the HPV vaccine must be served with 317 funded HPV vaccine. Only providers enrolled in the SC State Vaccine Program are eligible to serve this population. You must have SC State Vaccine program vaccine stock prior to seeing this patient population.

³SC State Vaccine Program - Insured Hardship and Vaccine Caps: These children are considered insured and are not eligible for vaccines through the VFC program. However, these children may be served state vaccine program vaccine to cover these non-VFC eligible children. Insured Hardship is defined as an insured child 0 through 18 years of age served in a DHEC Immunization Clinic. The Human Papillomavirus Vaccine (HPV) is excluded from the SC State Vaccine Program. Insured children in need of HPV vaccine must be served with fee for service HPV vaccine. Only providers enrolled in the SC State Vaccine Program are eligible to serve this population. You must have SC State Vaccine program vaccine stock prior to seeing this patient population.

South Carolina Department of Health and Environmental Control

Vaccines For Children (VFC) Program Patient Eligibility Screening Record Form in DHEC Health Departments

Purpose:

The purpose of this form is to provide screening and documentation of the eligibility status at each immunization encounter (visit) for the Vaccines for Children (VFC) program for children 18 years of age or younger, prior to administration of vaccine(s). In addition, screening and documenting eligibility status for the state vaccine eligible child through the South Carolina State Vaccine Program at each immunization encounter (visit). This form captures the documentation for screening all categories of VFC and non-VFC eligible children seen in DHEC Health Departments enrolled as VFC provider's during immunization encounters (visits). Screening and Documentation of eligibility statuses is a requirement for all providers enrolled in the vaccine programs.

General Instructions for Use:

The Vaccines For Children (VFC) Patient Eligibility Screening Record Form will be completed by the parent, guardian, individual of record, or healthcare provider staff prior to administration of vaccine(s) for every immunization encounter (visit).

Item-By-Item Instructions:

1. Complete the Child's Name, Child's Date of Birth, Parent/Guardian/ Individual of Record, and Provider's Name.
2. Assess client's eligibility for publicly funded vaccine. Record the date of the immunization encounter (visit).
3. After determination of eligibility category, mark in the appropriate column:

Eligible for VFC Vaccine

- A. Medicaid- Enrolled (VFC Stock)
- B. No Health Insurance (VFC Stock)
- C. American Indian or Alaska Native (VFC Stock)
- D. ¹Underinsured, served by FQHC, RHC or deputized provider (VFC Stock). NOTE: DHEC clinics do not currently serve underinsured children with VFC vaccine therefore, not applicable "N/A".

Not eligible for VFC Vaccine
